

DEBT FREE MOM

MEDIA KIT

👋 **HI, I'M CARLY HILL**

I'M A PERSONAL FINANCE CREATOR AND HOME FINANCES EXPERT.

I began managing my family finances as a 20 year old newlywed and college student living on student loans and minimum wage. I learned through years of trial and error how to build and stick with a budget system that balanced financial progress and personal contentment. What started as a hobby has grown to help thousands of women and families build realistic budgets that work for their real life and enable them to meet their money goals!

THE DEBT FREE MOM AUDIENCE

MY AVERAGE FOLLOWER IS A 25-44 YEAR OLD FEMALE BASED IN THE USA.

- My followers are a loyal and enthusiastic group of women who want to break away from mindlessly buying things and instead find quality that can add to their life.
- They seek out items and services that truly benefit them, not just take up space in their home.
- Many of them are mothers who hold the purchasing power of their household.
